

# RUMEVITE® GROW & SHOW DRY FEED CUBES

## MEDICATED ANIMAL FOODSTUFF

***A pelleted grain ration for the preparation of stud cattle for show or sale when fed with mature dry pasture or low protein hay.***

### FEATURES & BENEFITS

- Palatable grain ration presented as a pellet.
- Customised ingredients suitable for preparing stud cattle.
- Appropriate level of bypass protein.
- Balanced levels of calcium, phosphorus, trace minerals and vitamins.
- Contains added fats and oils to enhance coat shine.
- Contains 33.00 mg/kg Monensin (as Rumensin®) to improve growth rates and feed conversion efficiency.
- Rumen buffer included to help reduce the risk of acidosis.
- Includes a mould control agent to help reduce the risk of mould growth.

### FEEDING DIRECTIONS

- Rumevite Grow & Show Dry Feed Cubes is suitable for feeding to all classes of stud cattle weighing greater than 120 kg liveweight. Cattle weighing less than 120 kg liveweight should be fed Barastoc Calf Rearer Cubes or Pellets until they reach this weight.
- Before starting to feed Rumevite Grow & Show Dry Feed Cubes, ensure that the appropriate animal husbandry procedures are completed - consult a veterinarian for advice. Cattle of similar size and age should be drafted into groups.
- Before starting to feed Rumevite Grow & Show Dry Feed Cubes ensure that all cattle have been fed with palatable hay to appetite for the first day - ensure that all cattle are full with palatable hay.
- Start feeding cattle with Rumevite Grow & Show Dry Feed Cubes at a rate of 0.5 kg per 100 kg liveweight per day. Gradually increase the rate of feeding each day for the next 21 days up to 1.5 kg per 100 kg liveweight per day.
- Rumevite Grow & Show Dry Feed Cubes can either be fed in troughs or self-feeders.
- When feeding Rumevite Grow & Show Dry Feed Cubes in a self-feeder or trough, ensure that dry pasture, or palatable hay is readily available, and that cattle are able to eat this forage to appetite at all times.
- When using self-feeders, adjust slide settings to regulate feed intake and achieve recommended feeding rates. The feeder slide should be set so that cattle have to lick the feed out from under the slide.
- When feeding in self-feeders, stud cattle will require up to 35 cm trough space per head, depending upon liveweight.
- When feeding in troughs, stud cattle will require up to 65 cm trough space per head, depending upon liveweight.
- If using self-feeders in the paddock, locate feeders away from water sources to encourage grazing out. When pastures become grazed out the feeders should be moved to a new area, or hay provided in racks.
- If feeding by hand into troughs, split the daily allocation into two feeds.
- If you wish to seek further advice on feeding Rumevite Grow & Show Dry Feed Cubes please feel free to contact our Customer Service Centre on 1300 666 657.

## ANALYSIS

ELEMENTS/NUTRIENTS/VITAMINS	NUTRIENT LEVELS IN 1 KG DRY MATTER AT 89%
Crude Protein (minimum)	16.9%
Urea (maximum)	0.9%
Metabolisable Energy (ME) Ruminant (minimum)	11.8 MJ
Crude Fibre (maximum)	16.9%
Crude Fat (minimum)	3.4%
Calcium (minimum)	1.12%
Phosphorus (minimum)	0.67%
Magnesium (minimum)	0.28%
Salt (maximum added)	1.1%
Copper (added)	16.85 mg
Zinc (added)	67.50 mg
Selenium (added)	0.17 mg
Manganese (added)	50.56 mg
Cobalt (added)	0.25 mg
Iodine (added)	0.51 mg
Molybdenum (added)	0.51 mg
Vitamin A (added)	5,899 IU
Vitamin D <sub>3</sub> (added)	590 IU
Vitamin E (added)	50.50 mg
Monensin (as Rumensin®)	33.70 mg

**PRODUCT CODE:** 112057 (bulka bags only)

**STORAGE REQUIREMENTS:** Store under cover in a cool, dry place, below 30°C and protected from exposure to direct sunlight.

**WARNINGS:**

- Medicated animal foodstuff - for animal treatment only. Use strictly as directed and keep out of reach of children.
- Do not allow dogs, horses or other equines access to this feed. Ingestion of Monensin (Rumensin®) may be fatal in these species. WHP (Withholding Period): Meat – Nil.
- This feed has been formulated specifically for animals as described, and must not be used for other species of animals.
- This feed is unsuitable for human consumption.
- The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturers recommendations.
- THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.
