

RUMEVITE® LAMB SUPPLEMENT

MEDICATED ANIMAL FOODSTUFF

A pelleted grain ration for finishing lambs or supplementing early weaned lambs from 4 weeks of age.

FEATURES & BENEFITS

- Palatable grain ration presented as a pellet.
- Nil urea – suitable for early weaned lambs from 4 weeks of age.
- Contains an acidifying agent to reduce the risk of urinary calculi (water belly).
- High levels of bypass protein.
- Contains balanced levels of calcium, phosphorus, trace minerals and vitamins.
- Contains 33.00 mg/kg DM Lasalocid (as Bovatec®) for the reduction of faecal shedding of coccidia (*Eimeria* spp.) in sheep maintained in confinement.

FEEDING DIRECTIONS

- Rumevite Lamb Supplement is suitable for feeding to finishing lambs, early weaned lambs from 4 weeks of age onwards, hoggets, wethers or cull stock in conjunction with unlimited pasture or hay.
- Lambs younger than 4 weeks of age should be fed on a sheep specific milk replacer. The process of weaning from milk onto Rumevite Lamb Supplement plus pasture / hay should be gradual.
- Before starting to feed Rumevite Lamb Supplement, ensure that the appropriate animal husbandry procedures are completed - consult a veterinarian for advice. Lambs should be drafted into groups of similar size and age.
- Before starting to feed Rumevite Lamb Supplement, ensure all lambs have been fed with palatable hay to appetite for the first day – ensure all lambs are full with palatable hay.
- Start feeding lambs with Rumevite Lamb Supplement at a rate of 0.25 kg per 50 kg liveweight per day. Gradually increase the rate of feeding each day for the next 21 days up to the desired level of feeding or up to 1.5 kg per 50 kg liveweight per day.
- Rumevite Lamb Supplement can either be fed in self-feeders or troughs.
- When feeding Rumevite Lamb Supplement in a self-feeder or trough, ensure that pasture or hay is readily available and that livestock are able to eat this forage to appetite at all times.
- When using self-feeders, adjust slide settings to regulate feed intake and achieve recommended feeding rates. The feeder slide should be set so that lambs have to lick the feed out from under the slide.
- When using self-feeders, lambs will require 2 – 8 cm of trough space per head, depending upon liveweight.
- If feeding by hand into troughs, split the daily allocation into two feeds.
- When using troughs, lambs require up to 15 cm of trough space per head.
- If you wish to seek further advice on feeding Rumevite Lamb Supplement, please feel free to contact our Customer Service Centre on 1300 666 657.

ANALYSIS

ELEMENTS/NUTRIENTS/VITAMINS	NUTRIENT LEVELS IN 1 KG DRY MATTER AT 89%
Crude Protein (minimum)	18.0%
Urea (maximum)	NIL
Metabolisable Energy (ME) Ruminant (minimum)	11.8 MJ
Crude Fibre (maximum)	16.9%
Crude Fat (minimum)	1.70%
Calcium (minimum)	0.73%
Phosphorus (minimum)	0.34%
Magnesium (minimum)	0.22%
Salt (maximum added)	1.1%
Copper (added)	NIL
Zinc (added)	56.20 mg
Selenium (added)	0.11 mg
Manganese (added)	22.47 mg
Cobalt (added)	1.12 mg
Iodine (added)	1.12 mg
Molybdenum (added)	1.12 mg
Vitamin A (added)	6,742 IU
Vitamin D ₃ (added)	562 IU
Vitamin E (added)	5.62 mg
Lasalocid (as Bovatec®)	33.70 mg

PRODUCT CODE: 102011 (bulk), 103716 (bulka bags) and 102012 (20 kg bags)

STORAGE REQUIREMENTS: Store under cover in a cool, dry place, below 30°C and protected from exposure to direct sunlight.

WARNINGS:

- Medicated animal foodstuff - for animal treatment only. Use strictly as directed and keep out of reach of children.
- This feed has been formulated specifically for animals as described, and must not be used for other species of animals.
- This feed is unsuitable for human consumption.
- The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturers recommendations.
- Withholding period: SHEEP
 - Meat: Zero (0) days
 - Milk: DO NOT USE in lactating ewes which are producing or may in the future produce milk that may be used or processed for human consumption.
- THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.
