

RUMEVITE® EWE SUPPLEMENT CUBES

MEDICATED ANIMAL FOODSTUFF

A grain-based supplement for ewes grazing mature dry pasture or hay.

FEATURES & BENEFITS

- Contains suitable levels of protein (including bypass protein) and energy for ewes, including ewes with lambs at foot.
- Palatable, pelletised grain ration.
- Contains balanced levels of calcium, phosphorus, trace minerals and vitamins.
- Includes a mould control agent to help reduce the risk of mould growth.
- Contains 33.00 mg/kg DM Lasalocid (as Bovatec®) for the reduction of faecal shedding of coccidia (Eimeria spp.) in sheep maintained in confinement.

FEEDING DIRECTIONS

- Rumevite Ewe Supplement Cubes is suitable for feeding to adult ewes and ewe replacements in conjunction with unlimited pasture or hay.
- Before starting to feed Rumevite Ewe Supplement Cubes ensure that the appropriate animal husbandry procedures are completed - consult a veterinarian for advice. Ewes of similar size and age should be drafted into groups.
- Before starting to feed Rumevite Ewe Supplement Cubes, ensure all ewes have been fed with palatable hay to appetite for the first day –ensure all ewes are full with palatable hay.
- Start feeding ewes with Rumevite Ewe Supplement Cubes at a rate of 0.25 kg per 50 kg liveweight per day. Gradually increase the rate of feeding each day for the next 21 days up to the desired level of feeding, or up to 0.75 kg per 50 kg liveweight per day.
- Rumevite Ewe Supplement Cubes can either be fed in self-feeders or troughs.
- When feeding Rumevite Ewe Supplement Cubes in a self-feeder or trough, ensure that dry pasture or hay is readily available and that livestock are able to eat this forage to appetite at all times.
- If high volumes of dry pasture are available, encourage stock to graze out in the paddock by placing supplement further out, away from water sources. Only do this once stock have taken to the supplement. If pastures become grazed out provide hay in racks.
- When using self-feeders, adjust slide settings to regulate feed intake and achieve recommended feeding rates. The feeder slide should be set so that ewes have to lick the feed out from under the slide.
- When using self-feeders, ewes will require 10 – 12 cm of trough space per head.
- If feeding by hand into troughs, the supplement should be allocated on a daily basis.
- When using troughs, ewes require up to 20 – 30 cm of trough space per head.
- If you wish to seek further advice on feeding Rumevite Ewe Supplement Cubes, please feel free to contact our Customer Service Centre on 1300 666 657.

ANALYSIS

ELEMENTS/NUTRIENTS/VITAMINS	NUTRIENT LEVELS IN 1 KG DRY MATTER AT 89%
Crude Protein (minimum)	18.0%
Urea (maximum)	0.6%
Metabolisable Energy (ME) Ruminant (minimum)	11.8 MJ
Crude Fibre (maximum)	11.2%
Crude Fat (minimum)	2.2%
Calcium (minimum)	0.90%
Phosphorus (minimum)	0.45%
Magnesium (minimum)	0.22%
Salt (maximum added)	0.6%
Copper (added)	NIL
Zinc (added)	56.20 mg
Selenium (added)	0.11 mg
Manganese (added)	22.47 mg
Cobalt (added)	1.12 mg
Iodine (added)	1.12 mg
Molybdenum (added)	1.12 mg
Vitamin A (added)	6,742 IU
Vitamin D ₃ (added)	562 IU
Vitamin E (added)	5.62 mg
Lasalocid (as Bovatec®)	33.70 mg

PRODUCT CODE: 112485 (bulka bags) and 103989 (20 kg bags)

STORAGE REQUIREMENTS: Store under cover in a cool, dry place, below 30°C and protected from exposure to direct sunlight.

WARNINGS:

- Medicated animal foodstuff - for animal treatment only. Use strictly as directed and keep out of reach of children.
- This feed has been formulated specifically for animals as described, and must not be used for other species of animals. Ingestion by horses or other equids may be fatal.
- This feed is unsuitable for human consumption.
- The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturers recommendations.
- Withholding period: SHEEP
 - Meat: Zero (0) days
 - Milk: DO NOT USE in lactating ewes which are producing or may in the future produce milk that may be used or processed for human consumption.
- THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.
